WMA: EVALUATION FRAMEWORKS FOR BETTER OUTCOMES

PRESENTERS **Ministry for the Environment**

Hear practical advice on developing objectives and KPIs to strengthen your applications under the Waste Minimisation Act. If you are involved with a Waste Minimisation Fund application, an application for accreditation for a product stewardship scheme or the review of your Waste Management and Minimisation Plan this session is for you. MfE will also provide an overview of just how they are planning to evaluate the Waste Minimisation Act.

BEHAVIOUR CHANGE: WHY IT IS IMPORTANT AND WHAT IT MIGHT MEAN TO YOU!

PRESENTER **Lisa Smith, Minds at Work, Australia**

Do you want better results? Are you frustrated by **them** – those people that put up road blocks and just don't get it? Do you want decision and policy makers to engage better with you? It is always their fault – or can you make a difference? Come along and be surprised!

This is a great introductory session to behaviour change, following on from Lisa's enlightening and motivating presentation at the WasteMINZ 2009 conference in Christchurch.

Open to all registered attendees
