

The first ever **Circular Economy Summit in Aotearoa** is a collaboration between the Sustainable Business Network's Circular Economy Accelerator and WasteMINZ. This one-day summit brings together international and local circular economy experts and practitioners with key decision makers in the New Zealand economy. Together we will set a course for our transition to a world-leading circular economy.

SUMMIT SPEAKERS INCLUDE

Prof. Dr Michael Braungart

EPEA Internationale Umweltforschung
Hamburg, Leuphana University Lüneburg

Michael Braungart is CEO of EPEA, Environmental Protection and Encouragement Agency in Hamburg (Germany), 'The cradle of Cradle to Cradle' and professor at the Leuphana University Lüneburg. He is also co-founder of McDonough Braungart Design Chemistry (MBDC) in Charlottesville, Virginia and founder of the Hamburg Environmental Institute (HUI). For decades, Michael Braungart has pioneered the Cradle to Cradle design concept.

Paul Frasca

Co-Founder & Director,
Sustainable Salons

Paul Frasca started his hairdressing career at the age of 11. He was a salon owner by the age of 19. In 2015 Paul co-founded an innovative circular economy program called Sustainable Salons Australia. SSA collects up to 95% of a salon's waste and repurposes it for environmental and community benefit. Following runaway success in Australia, Sustainable Salons has now brought its unique model to New Zealand.

Jennifer McIver

Director, Wishbone Design Studio

Jennifer McIver together with Richard Latham started Wishbone Design Studio in 2005. They have a simple goal – to develop a new generation of classic children's toys for the global market. They challenged themselves to create designs that transform the user experience, reduce consumption, deliver a positive environmental outcome, and bring people closer together. Their multi-award winning Wishbone bike replaces multiple products you could have bought, broken and thrown away between ages 1 to 5.

Shamubeel Eaquab

Economist and business commentator

Shamubeel Eaquab is an experienced economist who makes economics easy. He is also an author, media commentator and thought leading public speaker. He has over a decade of experience as an economist in Wellington, Melbourne and Auckland in leading international banks and consultancy.

Hon Eugenie Sage

Associate Minister for the Environment

Hon Eugenie Sage's passion for nature and a healthy environment has driven her work as a Green MP and now Minister. Eugenie has responsibility for the waste and circular economy elements of the Ministry for the Environment's work. She is a former Environment Canterbury regional councillor from 2007–2010 and worked for Forest and Bird for 13 years.

Dr Paul Smith

Head of Testing, Consumer New Zealand

Paul Smith manages Consumer's product test programme. Paul wants Consumer's independent tests to empower people to make informed purchase decisions. He'll only be satisfied when he rids the world (or at least New Zealand) of underperforming, poorly designed products.
