Kete mahi aroha

"Mahi aroha is the term that most closely translates to the concept of voluntary work. Mahi aroha is the unpaid activity performed out of sympathy and caring for others in accordance with the principles of tikanga to maintain mana and rangatiratanga, rather than for financial or personal reward.

Mahi aroha is one aspect of tohu aroha – an expression that incorporates the spiritual and temporal aspects of volunteering. He tohu aroha is an expression or manifestation of love, sympathy or caring."

Repair behaviours

What respondents do to get items repaired

How often respondents got broken or damaged items repaired where possible

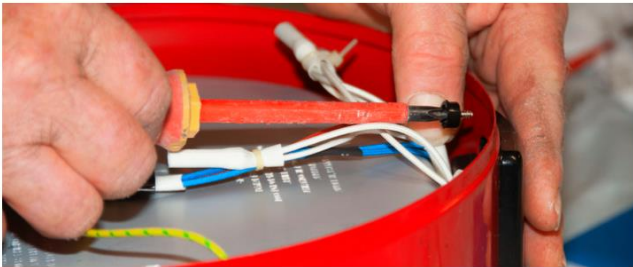

Top 5 things motivating respondents to get items repaired as often as possible

To: Hon. David Parker, Environment Minister
Make it our Right to Repair

RA Campaign created by
Repair Café Aotearoa New
Zealand

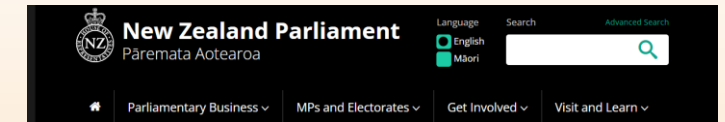

Please send a message to call on Minister for the Environment, Hon David Parker to bring in 'right to repair' measures so it's easier and cheaper for New Zealanders to get items repaired.

Member's Bill

Published date: 11 Apr 2024

Metadata

Bills are proposals to make a new law or to change an existing one. Only Parliament can pass a bill. Each bill goes through several stages, giving MPs and the public the chance to have their say.

This bill seeks to require manufacturers to make repair parts and information available to consumers in order to extend the lifetime of products, keeping resources in circulation and waste out of landfills.

MP in charge

Hon Marama Davidson
