

Recycling Bin Suppliers

This document provides details of suppliers of indoor and outdoor recycling bins and accessories. The document is focused on the needs of commercial operations but could be applicable to households and schools. Inclusion in this document does not confer any preference or recommendation, suppliers are listed alphabetically. If we have inadvertently missed a NZ supplier of recycling bins please let [us](#) know.

New Zealand has agreed colours for bins and signage.

Rubbish = Red

Recycling = Yellow

Food waste = lime green

Glass only = Light blue

Paper only = grey

More information on the colours can be found [here](#).

New Zealand also has agreed wording for how bins should be labelled. The wording can be found [here](#) for both bilingual te reo Māori and English.

Most bin suppliers also provide recycling labels. However, they can also be downloaded free of charge from the [WasteMINZ website](#).
