

CONTAMINATED LAND MANAGEMENT SECTOR GROUP WORK PLAN 2018/2019

Vision: To foster an industry where contaminated land management is sustainable, ethical and consistent; and focused on providing tangible environmental, social and economic benefits

Goal 1: Promote and participate in developing recognised standards and guidelines on evidence-based good practice			
Activities		Timeframe	Project Lead
1.1	Advocate that the Ministry for the Environment's <i>Working Towards a Comprehensive Policy Framework for Managing Contaminated Land in New Zealand</i> be reviewed and updated	May 18-May 19	Steering Committee
1.2	Work with ALGA to investigate whether lead in soil from residential paint poses a significant risk to community health	Sep 18-May 19	Working Group
1.3	Work with ALGA to raise awareness of the risks associated with lead in soil from residential paint and encourage practical solutions	Sep 18-May 19	Working Group
1.4	Identify the standards/guidelines that should be created and advocate for their development	Oct 18-Mar 19	Working Group
Goal 2: Support the Certified Environmental Practitioner (Site Contamination) Specialist scheme			
Activities		Timeframe	Project Lead
2.1	Advocate that the Ministry for the Environment support the Certified Environmental Practitioner (Site Contamination) Scheme	May 18-Dec 19	Steering Committee
2.2	Encourage practitioners who have recently become Certified Environmental Practitioners (Site Contamination) to present at WasteMINZ events	May 18- Nov 19	Steering Committee
Goal 3: Identify and provide opportunities for industry and regulators to engage, share knowledge and identify priorities			
Goal 5: Encourage continuing professional development throughout the industry and provide opportunities to enable this			
Goal 7: Identify and provide opportunities for industry and regulators to network and build strong relationships			
Activities		Timeframe	Project Lead
3.1	Identify relevant presentations and workshop topics for the CLM stream at WasteMINZ's annual conference	Completed	Working Group
3.2	Identify workshop content, target audience, structure and promotional vehicles and facilitate these workshops	May 18-Nov 19	Working Group
3.3	Identify topics and presenters for WasteMINZ webinars	May 18-Dec 19	Steering Committee
3.4	Identify topics and presenters for CLM networking events	May 18-Dec 19	Steering Committee
Goal 4: Make cross-sector submissions to policy proposals that impact the contaminated land sector			
Activities		Timeframe	Project Lead

4.1	Make a submission on the Ministry for the Environment's consultation draft of <i>Sampling and Analysis of Per- and Poly-fluorinated Substances</i>	Completed	Steering Committee
4.2	Make submissions on policy and documents as they are released or when appropriate	May 18-Dec 19	Steering Committee
Goal 6: Promote and encourage the presence of young professionals in information sharing opportunities			
Activities		Timeframe	Project Lead
6.1	Identify young professionals who could present at WasteMINZ events (webinars, workshops, conference) and liaise with them to identify topics	May 18-Dec 19	Steering Committee
Goal 8: Establish and maintain relationships with relevant stakeholders			
Activities		Timeframe	Project Lead
8.1	Invite MfE to attend Steering Committee meetings	May 18-Dec 19	Steering Committee
8.2	Identify and put forward agenda items for Regional Waste and Contaminated Land Officers Forums and present these items at the Forums, if possible	Sep 18-Dec 19	Steering Committee
8.3	Maintain an interest and add support, where relevant, to other sector groups where their work affects the contaminated land management sector	May 18-Dec 19	Steering Committee
8.4	Identify organisations that the Contaminated Land Management Sector Group should be engaging with (which could include RMLA, ALGA, NZPI, EIANZ, local government), the relevant contacts within these organisations, establish how the Sector Group should be engaging with each of them (using the RACI matrix) and endeavour to take a collaborative approach where the relationship is reciprocated	May 18-Dec 19	Steering Committee
