2020-2022

Vision:

To facilitate a clear and cohesive voice for the local government sector in relation to waste and resource recovery issues in order to influence and shape future outcomes. This will be achieved through advocacy on behalf of the local government sector, leading strategic waste sector thinking and problem solving, and encouraging information and knowledge sharing.

Strategic Areas of Focus:

- Support behaviour change projects across wider WasteMINZ membership
- Proactively seek opportunities to provide input into the MfE work programme
- Investment and strategic planning

Goals:

1. Provide opportunities for territorial authorities to engage with one another to network, share knowledge and identify their priorities.
2. Support development and implementation of regional and national initiatives that drive waste minimisation
3. Liaise with MfE to ensure opportunities for TAOs to have input into policy and legislation
