

## CONTAMINATED LAND MANAGEMENT SECTOR GROUP WORK PLAN 2021

**Vision:** To foster an industry where contaminated land management is sustainable, ethical and consistent; and focused on providing tangible environmental, social and economic benefits

Key	
Business as usual	
Short-term, action-based initiatives	

<b>Goal 1: Develop recognised standards and guidelines on evidence-based good practice</b>			
Activities		Timeframe	Project Lead
1.1	Advocate that the Ministry for the Environment's <i>Working Towards a Comprehensive Policy Framework for Managing Contaminated Land in New Zealand</i> be reviewed and updated	Jan-Dec 21	Steering Committee
1.2	Raise awareness of the risks associated with residential lead and encourage practical solutions	Jan-Dec 21	Working Group
1.3	Identify standards/guidance that should be reviewed, prioritise, and advocate for the review of the priorities	Jan-Dec 21	Steering Committee
1.4A	Identify standards/guidance that should be created, prioritise, and advocate for the development of the priorities	Jan-Dec 21	Steering Committee
1.4B	Prioritise one new guideline that could be developed by the sector group and identify working group members to work on this project	Jan-Mar 21	Steering Committee
<b>Goal 2: Support the Certified Environmental Practitioner (Site Contamination) Specialist scheme</b>			
Activities		Timeframe	Project Lead
2.1	Advocate that the Ministry for the Environment support the Certified Environmental Practitioner (Site Contamination) Specialist Scheme	Jan-Dec 21	Steering Committee
2.2	Identify opportunities for the Certified Environmental Practitioner (Site Contamination) Specialist scheme to be recognised	Jan-Dec 21	Steering Committee
<b>Goal 3: Identify opportunities for the sector to engage, share knowledge and identify priorities</b>			
<b>Goal 5: Encourage continuing professional development throughout the sector and provide opportunities to enable this</b>			
<b>Goal 7: Identify and provide opportunities for industry and regulators to network and build strong relationships</b>			
Activities		Timeframe	Project Lead
3.1	Identify relevant presentations and workshop topics for the CLM stream at WasteMINZ's annual conference	Feb-April 21	Working Group
3.2	Identify workshop content, target audience, structure and promotional vehicles and facilitate these workshops	Jan-Nov 21	Working Group
3.3	Identify topics and presenters for WasteMINZ webinars	Jan-Nov 21	Steering Committee
3.4	Identify topics and presenters for CLM networking events	Jan-Nov 21	Steering Committee

<b>Goal 4: Make cross-sector submissions to policy proposals that impact the contaminated land sector</b>			
Activities		Timeframe	Project Lead
4.1	Make submissions on policy and documents as they are released or when appropriate.	Jan-Dec 21	Steering Committee
4.2	Develop a list of issues that the sector group should be advocating on	Feb-Mar 21	Steering Committee
<b>Goal 6: Promote and encourage young professionals in the sector</b>			
Activities		Timeframe	Project Lead
6.1	Identify opportunities to promote young professionals in the sector	Jan-Dec 21	Steering Committee
<b>Goal 8: Establish and maintain relationship with stakeholders and encourage collaboration</b>			
Activities		Timeframe	Project Lead
8.1	Invite MfE to attend Steering Committee meetings	Jan-Dec 21	Steering Committee
8.2	Identify and put forward agenda items for Contaminated Land and Waste Special Interest Group meetings and present these items at the meetings, if possible	Jan-Nov 21	Steering Committee
8.3	Maintain an interest and add support, where relevant, to other sector groups where their work affects the contaminated land management sector	Jan-Dec 21	Steering Committee
8.4	Identify organisations that the Contaminated Land Management Sector Group should be engaging with, the relevant contacts within these organisations, establish how the Sector Group should be engaging with each of them and endeavour to take a collaborative approach where the relationship is reciprocated	Jan-Dec 21	Steering Committee
